

**NATIONAL WOUND
CONFERENCE**

Rio Hotel, Las Vegas, Nevada

September 2–5

www.WoundSeminar.com

Wild on Wounds WELCOME

Dear Colleagues,

We're thrilled to have you at this year's WILD ON WOUNDSSM (WOW) National Conference!

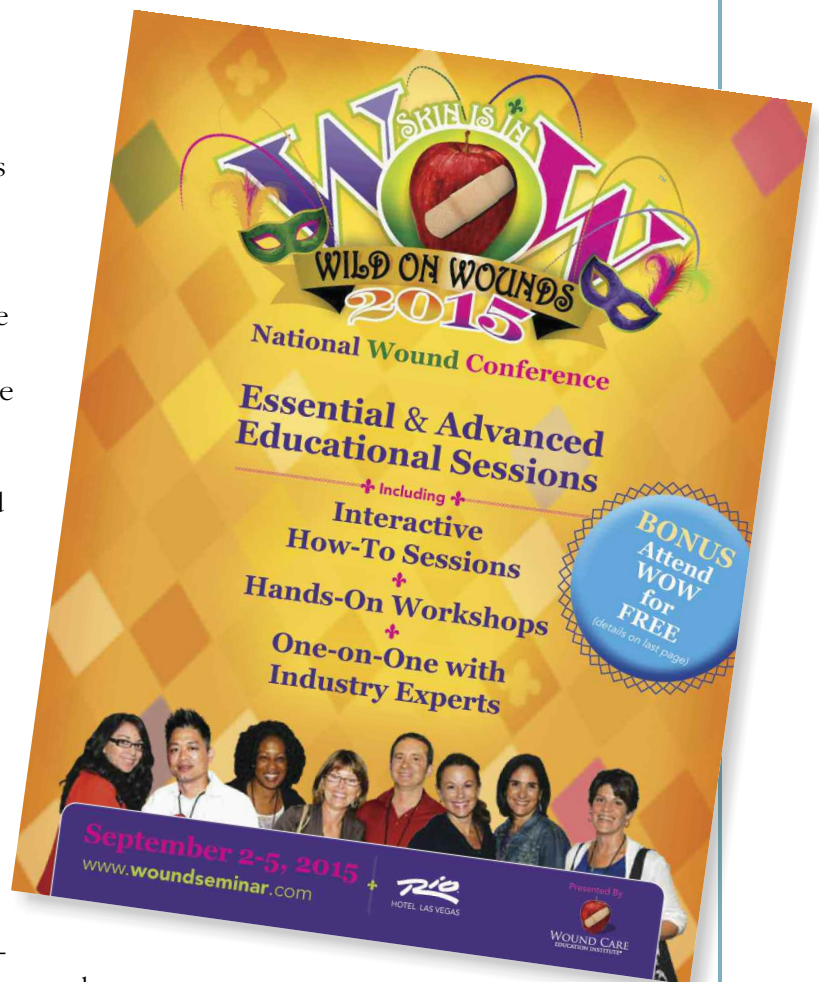

Being wound care clinicians ourselves, we understand the unique challenges that you face, especially when reimbursement policies require you to provide quality care with fewer resources.

The WOW conference is designed to provide you with information on current standards of care, new prevention and treatment ideas, and tools that you can use to spread your knowledge.

One component of being current with wound care is your familiarity with new technologies and devices that prevent wounds or heal wounds faster. Our industry experts are here to provide you with hands-on training and education about their products so you can make a measurable impact on wound outcomes.

Wound Care Advisor created this useful Exhibitors Guide for you to carry with you during exhibit times. We also suggest that you keep it as a resource tool for future reference.

We hope you enjoy this Exhibitors Guide, and we'll see you at the Exhibitors' Showcase!

Nancy Morgan
